

**Computer Engineering Department  
Bilkent University**

**CS533  
Spring 2009  
Term project Timeline  
March 22, 2009**

**Project Pointers: Major step with Deadline (all class time)**

1. March 24, 2009 Tuesday: Declare your partners and tentative project topic:
2. April 2, 2009: One-two page project plan which involves a) description of the problem, b) motivation, c) methodology, d) expected results, e) references
3. ~~April 28~~, May 5, 2009: A short manuscript in the form of ACM Conference poster papers (<http://www.sigir2009.org/Calls/posters>, ~2 pages)
4. May 5, 7, 12, 14, 2009 (as needed): Project presentations (please bring a handout to the classroom). There will be a peer evaluation for each project presentation.
5. May 18, 2009 (follows Thursday schedule): Project report in the form of ACM conference papers (<http://www.sigir2009.org/Calls/papers>, ~8 pages). It involves submission of the developed programs with a short report for the programs (their structure, etc.). No need to exaggerate, a short program report is enough.
