\* Group leader. Please pay attention to guideline no. 9 below.

#### Guidelines

- 1) Prepare a 8-minute in class presentation using power point. This is a presentation style used in some CS conferences.
- 2) Make it available on the Web also bring it to the class in a memory stick.
- 3) You must prepare handout (e.g., a poster on A4 paper) and give it to your classmates at the beginning of your presentation.
- 4) Only provide the most essential parts of the paper.
- 5) Most importantly make us understand the intuition behind it, and its significance.
- 6) The groups are defined below. In each group we have two students except the last.
- 7) Presentation will be interrupted when the allocated time expires.
- 8) With your votes we will pick the best presentation. You can only vote for one group. No two groups can present the same paper. (Please do not pick no. 4, 24, 33, 46 since we may cover them in our course in other ways.)
- 9) Please send me an email with the subject line "CS533 8-minute presentation" indicate your group members, and your ranked top-3 preferences. The first person in each group is the group leader. Each

group leader: Please email me your group preferences between October 27 (beginning at 0:00 hours) October 28 (ending at 23:59 hours). I will assign the paper according to FCFS policy.

In the subject line of your email please have the following: CS533: 8 Minute Presentation Preference for Group No. <your group no.>

- 10) I plan to announce the paper assignments on Monday October 31. The presentation will be done on Monday, November 7.
