2. Intermediate Project Report Submission: May 10 (Monday), 5:00 pm
   Please submit e/h-copies, in your report use the ACM conference format, ~2 pages. (http://www.acm.org/sigs/publications/proceedings-templates) Your reports must have the format of typical CS research papers (for examples see ACM SIGIR Conf. papers).

3. Final Project Submission: May 24, 5:00 pm. Project report in the form of ACM conference papers (~8 pages). Please give a hard-copy and send a copy of it by email. It involves submission of the developed programs with a short report for the programs (their structure, etc.). No need to exaggerate, a short program report is enough. You may be required to do a demo.
