

Document Expansion for Speech Retrieval

by Amit Singhal & Fernando Pereira

Kemal Eroğlu
Mustafa Gündoğan

March 7, 2012

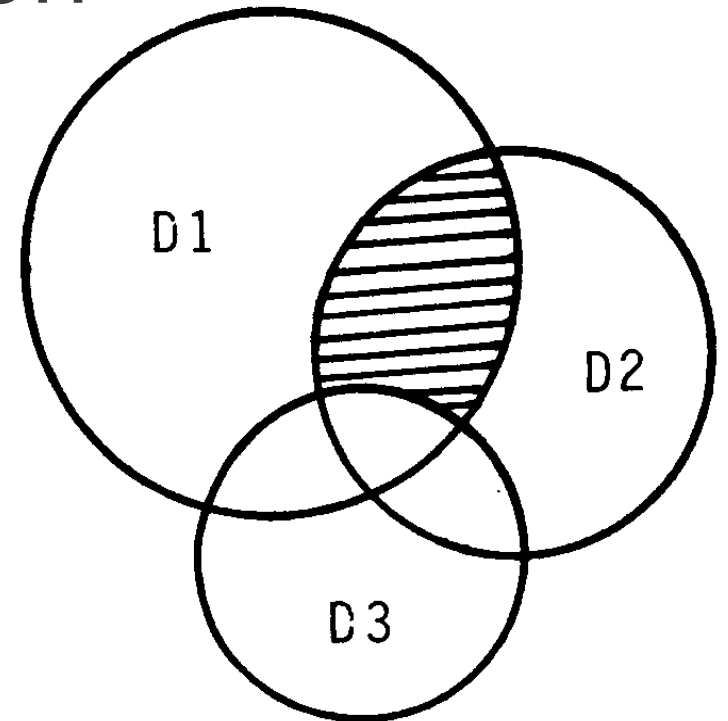

Speech Retrieval

- “Aboutness” of a speech
- Speech Recognition
- Automatic transcription
based on word
pronunciation

Document Expansion

- Transcript document of a speech
- Document expansion
based on term addition
and reweighing

the Good and the Bad

- Alleviates poor transcription

- Need for a related audio and written corpus
